

# What Am I Gonna Do

K-Ci & JoJo

What am I gonna  
What am I gonna  
What am I gonna  
What am I gonna do  
We fell in love a year ago  
Everything was fine  
And then you started hanging out late  
All the time  
All the time  
I had to eat alone  
I had to sleep all alone  
I had no one to call my own  
Til I fell in love with someone new  
If you love me  
And I love you  
Baby why  
You be duckin me  
Late at night I'll make it slow  
I have no one to hold  
I have no one to hold  
I have no one to hold me  
If I love you  
And you love me  
Baby why  
Why do I have somebody new  
Now I got two  
What am I  
What am I  
What am I gonna do  
Tell me  
What am I gonna do  
Ran into you the other day  
Everything was fine  
Everything was fine  
And then I saw you hanging out  
With another guy  
With another guy  
I knew you had someone else  
And that's why I found someone  
You try to play me  
But I guess  
I guess you see  
That I wasn't going for that  
If you love me  
And I love you  
Baby why  
You be duckin me  
Late at night I'll make it slow  
I have no one to hold  
I have no one to hold  
I have no one to hold me
