

Close Your Eyes

k.d. lang

If I were near you, would you feel me there?
Could you feel me moving softly, through the air?
I lay me down and still your mind
Say nothing, nothing now
Close your eyes.
I will never leave
I'm a dream that answers to you
If were near you would you feel me there?
Say nothing, nothing now
Close your eyes

Close your eyes
Close your eyes
Close your eyes

I will never leave
I'm a dream that answers to you
Close your eyes
Close your eyes
Close your eyes
