

# I'm Good

K.Flay

Hopped in the back of a car, accepted an offer  
To go get fucked up in some random bar way outside of Boston  
Left hand covered with various scars, don't know how I got them  
Mind all dissected in separate parts but I'm feeling awesome  
Never met one of them before, yet is seems simple  
Run out so I'll get some more, both hands out the window  
Feels like he's a friend for sure, talk comes easy  
Go and take my temperature, just want you to need me

You know I'm focused, so I'll never fade away  
See I'm hopeless, but I'm hoping that you'll stay  
So here's a toast to all the friends I made today  
Probably stab me in my back, but it's still too soon to say

No rush, I'm good, good, good  
Go nuts, we should, should, should  
Fell back and he can't get up, I'm good  
Won't stop til I catch that buzz, I'm good  
No rush, I'm good, good, good  
Go nuts, we should, should, should  
Got lost in the back of a club, I'm good  
Won't stop til I catch that buzz, I'm good

I've been avoiding a call from someone I once knew  
Ain't got no parachute breaking my fall, believe it's more fun to  
Not give a fuck for a minute at all, yeah I'm looking for some truth  
But I'm complacent when facing the wall, know you want me to want you  
Never took one of those before, but I'm not nervous  
You say I gotta go overboard, well it better be worth it  
No smoke what you choking for, the room's all empty  
Best off if I close the door, too many things gonna tempt me

You know I'm focused, so I'll never fade away  
See I'm hopeless, but I'm hoping that you'll stay  
So here's a toast to all the friends I made today  
Probably stab me in my back, but it's still too soon to say

No rush, I'm good, good, good  
Go nuts, we should, should, should  
Fell back and he can't get up, I'm good  
Won't stop til I catch that buzz, I'm good  
No rush, I'm good, good, good  
Go nuts, we should, should, should  
Got lost in the back of a club, I'm good  
Won't stop til I catch that buzz, I'm good

I don't know if I can face it all  
Cause I don't know how I can fake, fake surprise  
At how I managed to waste it all  
I guess I don't know not to break, to break

No rush, I'm good, good, good  
Go nuts, we should, should, should  
Fell back and he can't get up, I'm good  
Won't stop til I catch that buzz, I'm good  
No rush, I'm good, good, good  
Go nuts, we should, should, should

Got lost in the back of a club, I'm good  
Won't stop til I catch that buzz, I'm good
