

# Make Me Fade

K.Flay

Don't think I've been this nervous with a cold drink  
In my two hands, saying no thanks  
Like any way it goes cause I know things  
They shouldn't have told me  
Now I'm thinking what for  
Hanging by a sentence at the drug store  
Barely even steady out the front door  
Hate my own shit, but I love yours  
Fuck I really love yours

7 in the afternoon, half asleep, count the cars  
All I think about is you constantly, that's the hard part  
Static on the line, I hear it all the time  
But I'm quiet when you make me fade  
Feel it coming back, watch it turn to black  
But I'm brighter when you make me fade  
You make me fade, you make me fade  
You make me brighter when you make me fade

Tangled, found myself waking in the same clothes  
Shaking from my temple to my ankles  
Sunny but I need another raincoat  
Waiting by a payphone  
Finally I coughed up some awful information that I thought up  
Well they think I've been messing with the wrong stuff  
Nah I've been messing with the right shit  
Yeah I fucking like it

Waiting for the call to come, who could say it was easy  
Sad about the bad I've done, on my grave, please believe me  
Static on the line, I hear it all the time  
But I'm quiet when you make me fade  
Feel it coming back, watch it turn to black  
But I'm brighter when you make me fade  
You make me fade, you make me fade  
You make me brighter when you make me fade

Swear I've been trying to reach you I'm dying  
You kill me why you keep your phone all on silent  
Recognize my role, I fucked up the timing  
But you and I lately been acting like islands  
Make a girl wanna get stupid and violent  
But silently I've been eyeing the horizon  
Patterns repeat, it shouldn't be surprising

You know you make me  
You make me fade, you make me fade  
You make me brighter when you make me fade  
You make me fade, you make me fade  
You make me brighter when you make me fade  
Static on the line, I hear it all the time  
But I'm quiet when you make me fade  
Feel it coming back, watch it turn to black  
But I'm brighter when you make me fade
