

No Ignorance

K.Flav

Well you can try to ignore me
But it's rather difficult
Bird I'm the early, catching all the wordplay
And I'm built just like the Hulk
Kicking it on 14th, K.Flav is the bombest that you've heard or
seen
I mean to say that I'm a phenom, Bowie plus Iman
Infinity much slicker than a Nissan
Please pass the Dijon, boy do the econ
At in n out yes I'm getting my beef on
Flav is the reason y'all flip the beat on
Bustin cabezas from Frisco to Milan
You can hate what I do but if you do then you're hating
On the dopest girl in Cali, yeah my rhymes so hard
They're breaking
Bones and egos no escaping check my saddle it is blazing
In a tub of Lincolns every morning I am bathing
Jam packed style I'm saran wrapped I'll
Cause a motherfucking ruckus in the Tampax aisle
They love it like Lyle, spit until I puke bile
Try to outsmart me, homie that is futile
Lacing tracks I do that daily
Seven senses more than Haley
Osmont, yes I'm on it
OCD I clean with comet
Bring the furor, rural juror
Got that good shit, mine is purer
I commit lyrical murder
I'm so posh I nosh on Werther's
Dripping words over tracks like syrup
Other rappers make it rain well I make the skies clear up
Soon enough my video's gonna be on Al Jazeera
Fall in love every time that I look into the mirror
Copycats wanna bite my ways
Beat Michelle Kwan in the Icecapades
Pull a couple spins then a triple axle
I'm a horse tranquilizer y'all just Paxil
