

# Can't Live

K'jon

I don't know it's kinda hard to  
Admit that opposites attract  
I don't wanna argue  
You're looking too good for that  
Let's agree to disagree  
And skip the conversation  
When it comes to L-O-V-E  
That should be the motivation, yeah

She has a million dollar smile  
I hate it when she gets to talking foul  
Can't live with and can't live without  
I guess I'm just feeling her style, yeah

Girl, you came in my life  
Now I'm gonna love you till the day that I die  
I can't explain it and I don't know why  
I can't get right unless you're here by my side

Come on, let's hit the dancefloor  
Girl, we 'bout to work this  
Ain't that the reason why we came here for?  
Why do I deserve this?  
Why you being difficult?  
You cute looking beautiful  
I don't even know anymore  
So I'ma keep my mouth closed

So girl  
I'm tryna be careful with my words  
But girl you're getting on my last nerves  
You need some attention, this I know  
You need some attention, this I know  
Do you wanna step, you already know  
We can roll

Girl, you came in my life  
Now I'm gonna love you till the day that I die  
I can't explain it and I don't know why  
I can't get right unless you're here by my side

So girl  
I'm tryna be careful with my words  
But girl you're getting on my last nerves  
Girl, I'm not tryna sound upset  
You need some attention, this I know  
You need some attention, this I know  
Do you wanna step, you already know  
We can roll

Girl, you came in my life  
Now I'm gonna love you till the day that I die  
I can't explain it and I don't know why  
I can't get right unless you're here by my side

Girl, you came in my life  
Now I'm gonna love you till the day that I die

I can't explain it and I don't know why  
I can't get right unless you're here by my side

Girl I love love, I'm loving you  
Girl I love love, I'm loving you  
Girl I love love, I'm loving you  
I'm loving you  
Girl I love love, I'm loving you  
Girl I love love, I'm loving you  
Girl I love love, I'm loving you  
Girl I love love, I'm loving you
