

I Get Around

K'Jon

People steppin in Chicago. Ballrooming in Detroit. All the way to California from the dirty to New York. They say my music is getting around and people swear they be getting down to the sounds of this boy in Michigan guess what y'all its me again I get around.

[Chorus:]

I'm finally getting around, I'm finally getting around (I get around). I'm finally getting around, I'm finally getting around (I get around). I'm finally getting around, (I don't need no radio) I'm finally getting around (I get around). I'm finally getting around, I'm finally getting around.

I know nothing comes easily that's why this music is so hard for me. I stay busy from city to city and if you don't know me I can guarantee that soon you will be.

Chorus

[Bridge:]

They call me K-J-O-N and I'm from Detroit Michigan. I got people dancing around the globe and this is with no radio. They call me K-J-O-N and I'm from Detroit Michigan I got people dancing around the globe and this is with no radio, oh oh I'm...

[Chorus]

[Break:]

DeNotes make It real smooth for me. Let's move to this, c'mon let's move to this, finally... I'm finally getting around, oh finally, I'm finally getting around. I'm finally getting around, oh finally, I'm finally getting around. I'm finally getting around
