

My Favourite Cut

K'Jon

[Kori Blake:]

Turn me up
Mamma I need your body for a hook
Promise you I just wanna look
Your body is a hook and it goes

[CHORUS:]

Girl you're my favourite cut
I just wanna turn you up
Girl I think of you so much
I wanna sing about you doin my cut
Baby don't be alarmed
By the way my name is K'Jon
Girl I think of you so much
I wanna sing about you doin' my cut
Baby you're my favourite cut

[Verse 1:]

She gotta a body so your probably like whoa
Hips swinging outta control
Bootylicious like Beyonce' Knowles
She's a fine chick that's for sho
I just wanna
Baby drop a dime and put a hook on ya
Would you mind if I say something for ya
First thing I wanna do

Baby your bodies like a melody
And I wish you were an mp3
Cause I wanna take you everywhere with me
Baby you're the one with the hook on me

Baby your bodies like a melody
And I wish you were an mp3
Cause I wanna take you everywhere with me
Baby you're the one with the hook on me

[CHORUS:]

Girl you're my favourite cut
I just wanna turn you up
Girl I think of you so much
I wanna sing about you doin my cut
Baby don't be alarmed
By the way my name is K'Jon
Girl I think of you so much
I wanna sing about you doin my cut
Baby you're my favourite cut

[HOOK:]

Yo I got you caught up in the rhapsody
And yes I'm impressed by the hook and your flattery
Imagine we coupled up and do a duet
Harmonise yeh and have intuitive sex
And if you follow my philosophy
And keep it all on the hush
I'll show you my discography
24's with the spokes jersey and them fitted in

If it ain't Dolce be den it's the city scene
No times a million majora
I'll be in the buildin'
And I'm your favourite cut
Much too much swagger and audacity
If a sucker step wrong would you blast for me
You a R&B dude and I'm a rapping chick
[Scratching sound]
Mix us together for one master mix
A classic hit
Hear it and say dats da shit
And if you hatin' on the hook
Youse a blasphemous

[CHORUS:]

Girl you're my favourite cut
I just wanna turn you up
Girl I think of you so much
I wanna sing about you doin my cut
Baby don't be alarmed
By the way my name is K'Jon
Girl I think of you so much
I wanna sing about you doin my cut
Baby you're my favourite cut

Say put da hook on me
Aha
Say put da hook on me
Aha
Say put da hook on me
Aha
Kori Blake you put the hook on me
And it goes

I just wanna turn you up
Girl I think of you so much
I wanna sing about you doin my cut
Baby don't be alarmed
By the way my name is K'Jon
Girl I think of you so much
I wanna sing about you doin my cut
Baby you're my favourite cut
