

I'm Nice

K Koke

Running through the red light
Trying to get my bread right

Fuck them haters and hoes
I'm just trying to make dough
Everywhere that I go, I go
I get pussy believe
Money, liquor and weed
It flows out from the street
And its all that I know

I'm just trying to get my bread right
Running through the red light
Police trying to chase me
Cause I beat the 380
But I still keep my swagger tight
And I stay with the hammer life
It's best you don't trouble me
And when I let off that double b
I be on the corner
Smoking Marijuana
Just me and the man dem
Trying to get G's for the fam aye
Trying to live properly
These haters ain't stopping me
But I do what I have to
If I have to I clap you

Fuck them haters and hoe's
I'm just trying to make dough
Everywhere that I go, I go
I get pussy believe
Money, liquor and weed
Because I'm from the streets
And its all that I know

I'm oh so wavey
I be like fuck you pay me, me
I'm really from the hood life
Your girl really like's the hood type
So watch her round moi
Your girls down for what I'm down for
Your girl like's to trouble G's
In the hood trying to cuddle me
I'm oh so liquored up
Middle finger to the world I don't give a fuck
Koke's oh so cheeky
Girl's like "Koke don't leave me"
Babe's had a spliff up
Come over here with that big butt
And shake that in front of me
And let me tap that properly

Fuck them haters and hoe's
I'm just trying to make dough
Everywhere that I go, I go
I get pussy believe

Money, liquor and weed
Because I'm from the streets
And its all that I know

Oh so retro
Old school spinner that I let go
Call me a jolly good fellow
The olders call me Fuller
But the youngers call me EXO
With my adidas krept
And my 1-2 step
As I 1-2 get
Peas in a pod
Clear the fog light yep
I'm gonna beat the dog
Make the dog go get
Everywhere I go I'm gonna roll my set
North Weezy, USG I bet
Green and the blue ribbons
Straight to the bakers
They smoking trees
While your boys smoking acres
And they'll be pissed when I leave
Just like the lifts that we shifted that week
I'm from the streets
Cause that's all that I know
Fuck these haters and hoes
Dawg I'm trying to get dough

Fuck them haters and hoe's
I'm just trying to make dough
Everywhere that I go, I go
I get pussy believe
Money, liquor and weed
Because I'm from the streets
And its all that I know
