

# Levitating

K Koke

When I walk through the door  
They are staring like never before  
It's my time to explore  
I might try my luck on the dancefloor (ooh)

I'm in the spotlight  
Let me show you a good time  
We can dance through the whole night  
Until the stars have aligned

We're levitating  
Drink champagne straight from the bottle  
As the earth begins to crumble  
So we fly  
We're levitating  
Then my eyes start seeing double  
And the whole room starts to shuffle  
Oh, we fly high

We're levitating  
Ooh-ooh-ooh-ooh  
Ooh-ooh-ooh-ooh-ooh  
Ooh-ooh-ooh-ooh  
We're levitating  
Ooh-ooh-ooh-ooh  
Ooh-ooh-ooh-ooh-ooh  
Ooh-ooh-ooh-ooh (let's go)  
We're levitating

I'm like yo, you wanna feel it?  
I can give it to ya like I don't mean it  
Or I can give you that make you wanna leave shit  
And have you hooked on coke on the weekends  
I'm like whoa, you wanna leave it?  
If you got a man at home, just leave then  
I ain't got plans to hold no feelings  
Just plans for growth, no ceiling  
'Cause I'm like whoa, we been drinking  
And I think I think I know what you thinking  
These shots of Patrón pushed up to the dome  
Can't wait to watch when it sinks in

Now I feel alive  
I think I am paradise  
The thought of you gives me butterflies  
Come on, take me for a ride  
(Come on)

I'm in the spotlight  
Let me show you a good time  
We can dance through the whole night  
Until the stars have aligned

We're levitating  
Drink champagne straight from the bottle  
As the earth begins to crumble  
So we fly

We're levitating  
Then my eyes start seeing double  
And the whole room starts to shuffle  
Oh, we fly high

We're levitating  
Ooh-ooh-ooh-ooh  
Ooh-ooh-ooh-ooh-ooh  
Ooh-ooh-ooh-ooh  
We're levitating  
Ooh-ooh-ooh-ooh  
Ooh-ooh-ooh-ooh-ooh  
Ooh-ooh-ooh-ooh  
We're levitating  
We're levitating, ah yeah  
We're levitating  
We're levi-, levitating  
We're levitating
