What goes around comes around, I believe in karma
What goes up comes down, back to where it started
I roll up and roll out 'cause I can't deal with drama
I mind my own cah man's grown plus a little smarter
Listen Father, if you hear my wishes, answer
'Cause I'm hearing living's harder and I hear they finna harm us
So I'm rolling with it, strolling with it, just me and my armour
If I hole him with it, load and spit it, I can't be no martyr
'Cause I'm a father with some kids to feed
They are the future, I ain't tryna be history
Ain't tryna live in between
I'm tryna live and learn, they're tryna take my dignity
Fucking with my victory

I'm in love with this ting, sometimes I wanna put suttin different ac
ross
But Jesus Christ, I know what it's like to live on a cross
'Cause I'm from Hackney where you live with the opps
Me, I had to sit in the box, over my feelings
Died, I wasn't grieving, couldn't make sense of my meaning
Who are you to judge? I lost people I used to love
You don't know 'bout my ting, pops was here then he weren't
I was young and it was frightening, that's why I started riding
Wouldn't say it was the right ting but it felt good
But to a freezing man, maybe Hell would, these shells good
To my survival, fuck the rivals
I've beefed man I used to idol, ain't no waving on this tidal
