

Nothing To Something

K Koke

And I went from nothing to something
I, I had to hold my head to the sky
Now I'm gon learn to push through
Spending my life burnt through
Cos I Went from nothing to something

Look
Look
Look

Something out of nothing
That's what I'm trying to make
I remember when there was nothing on my plate
Hungry, running round reckless for the pap
Money, I need to be forever getting paid
Uh, been for ever feeling pain
Walking through the storm, like I can never feel the rain
Yeah, and It will never be the same
I'm proud of myself so I can never feel ashamed
Uh, and you'll never see me change
Never for the worst, never for the fame
I'm bettering myself in a whole different way
I'm ready for a surf on a whole different wave
So get your surf boards out
And ride the wave
Till the grave
Or your world falls down
Uh, cos I'm ready to blow
And the word on road is I'm ready to blow

And I went from nothing to something
I, I had to hold my head to the sky
Now I'm gon learn to push through
Spending my life burnt through
Cos Went from nothing to something

Something outta nothing
That's what I'm trying to do
I remember struggling
When I was a your
I remember mummy use to hustle to get food
I came from the bottom
And that's something that I knew
It's fucked up how I grew
But there's worser off than me
And that's something that is true
So I can't complain
But I can tell you how I'm living so you feel my pain
Uh, feel my rage
Check my life on the road to a life on stage
Trying to find a way to navigate this maze
Trying to fly away and live life OK
And the grime don't stop
So I try till I die, and my life line drops
Thrive on drive, don't fight time off
But I don't mind I like my prof

And I went from nothing to something
I, I had to hold my head to the sky
Now I'm gon learn to push through
Spending my life burnt through
Cos I come from nothing to something

I've come from nothing to something
