

## Ready Up

K Koke

Ready up, load that semi up  
Roll that berry Dutch, pour that Henny son  
Push that heavy truck, play that gritty puck  
Tonight we're hitting anyone  
Ready up, load that semi up  
Roll that berry Dutch, pour that Henny son  
Push that heavy truck, play that gritty puck  
Tonight we're hitting anyone  
Tonight we're hitting anyone  
Tonight we're hitting anyone

Man are actually nuts, you man are actually fucked  
Me and my brudda in the ringer looking out for these cunts  
I'm tryna spin out with the ism and hop out on these punks  
Catch him slipping and he's missing when the canister tumps  
Fuck his dad and his mum, fuck his gang where he's from  
Just bought my killer in from yard, I flew him out for a month  
He got dipped when we was young, it's like anything I want  
And he ain't going home until his body's on this gun

Ready up, load that semi up  
Roll that berry Dutch, pour that Henny son  
Push that heavy truck, play that gritty puck  
Tonight we're hitting anyone  
Ready up, load that semi up  
Roll that berry Dutch, pour that Henny son  
Push that heavy truck, play that gritty puck  
Tonight we're hitting anyone  
Tonight we're hitting anyone  
Tonight we're hitting anyone

Anyone can get it now, anyone for repping now  
If you're with them against me, there's no question now  
If you're with them on ends then you're getting rounds  
A psycho when this weapon sounds  
Man are walking dead for now, .45 special now  
Man are sending lead in crowds, anyone can get it now  
This beef will never settle now until you man are dead in ground

Ready up, load that semi up  
Roll that berry Dutch, pour that Henny son  
Push that heavy truck, play that gritty puck  
Tonight we're hitting anyone  
Ready up, load that semi up  
Roll that berry Dutch, pour that Henny son  
Push that heavy truck, play that gritty puck  
Tonight we're hitting anyone  
Tonight we're hitting anyone
