K. Michelle

Get some liquor in my cup and I might fuck some shit up  
I might slap me a bitch, I might knuck if you buck  
I might tear this shit down, baby, don't press your luck  
'Cause see, I don't play no games, boy, shit like that get you stuck  
Baby, that'll get you ran over with all four tires  
Pretty pistols get to poppin' like we Fourth of July-in'  
Yes, Your Honor, I did it, so blame it all on me  
That nigga knew I was crazy before he went and played me

They can write about me in the blogs as much as they want (Much as they want  
)  
Just make sure you take a picture, baby, it'll last long (It'll last long)  
If I seem savage, likely it's not 'cause I tried to be  
Really ain't your business but maybe

Baby, it's the Memphis in me  
And I can't dumb it down  
Tell me to calm it down  
Baby, it's the Memphis in me  
So if I start acting up, believe I can back it up  
Baby, it's the Memphis in me  
And if shit escalate, I'm gon' regulate  
Yeah, it's just the Memphis in me (Memphis in me)  
The Memphis in me, it's the Memphis in me

The 901 gon' turn into a 911 soon  
I'm righteous and ratchet, which one you get is on you  
I might pull up in the Chevy with them 20 inch rims (Wheels)  
Show up to the Grammys with my grill still in, oh  
My Memphis bitches keep it real when they see me (When they see me)  
So much money, it's like I'm playin' for the Grizzlies (For the Grizzlies)  
Ooh, ooh-ooh-ooh
