

Table For One

K. Michelle

Love, love, hey
No

No need for meal with choices
I'll just have my favorite
No, it's not a special occasion, I'm treatin' myself
Or what's left of it
Just a view of my reflection
No room for doubt or second guessin'

I got my fork and my knife (My fork and knife)
And this table napkin to wipe the tears from my eyes
(Wipe the tears from my eyes)
So I've made this reservation for me alone

Table for one
All by myself
Can't share my heart
With no one else
You didn't reserve it
So you don't deserve it
I need to undo what's been done
I'm not able to love
So I got a table for one

La-la-la-la
La-la-la-la
La-la-la-la

With patrons all around me
Patience hasn't found me
So I sit alone and reflect
Advances I just reject
But in the silence I have found my solace
I don't have much fight left
That's why I came here by myself

I'm at this fork in my life (I'm at a fork in my life)
And heartbreak is hard to swallow
That's why I chase it with wine (Chase it with wine)
So I've made this reservation for me alone

Table for one
All by myself
Can't share my heart
With no one else
You didn't reserve it
So you don't deserve it
I need to undo what's been done
I'm not able to love
So I got a table for one

La-la-la-la
La-la-la-la
La-la-la-la

Oh, dim lights with a full plate

Self-lovin' me with no hate
Maybe I'm not that bad
To say that I love the date
I'm lookin' at this bill that I gotta pay
Sometimes I just need faith
Ooh, in conversation, have a mini realization, yeah

Table for one (Table for one), yeah
All by myself, myself
Can't share my heart
With no one else
(You didn't deserve it)
Didn't reserve it
(So you don't deserve it)
So you don't deserve it
I'm not ready to love
So I got a table for one
