

# The Worst

K. Michelle

I'm not jealous  
I just had enough  
Because, yeah, oh, oh  
I can't stand it  
Watchin' you all in love  
With her, ooh

You're so happy now  
And I ain't gon' lie, I hate it  
When did things get so complicated?  
Yeah

Seein' you with her gets on my last nerve  
I know she comes first  
And that's the part that hurts, so  
So I'll bite my tongue  
God, I know that you're the one  
I know she comes first  
That's the part that hurts  
Boy, loving you is the worst

Without question  
I would give all my time  
No lie  
We ain't cool when it comes to love  
I bet you that she can't do it like I, I  
So, oh, Lord

You're so happy now  
And I ain't gon' lie, I hate it, no  
When did things get so complicated?  
Yeah

Seein' you with her gets on my last nerve  
I know she comes first  
And that's the part that hurts  
So I'll bite my tongue  
God, I know that you're the one  
I know she comes first  
But that's the part that hurts  
Boy, loving you is the worst

I could have somebody else  
But it just wouldn't be as special  
So I keep it to myself  
Even though it hurts

Seein' you with her gets on my last nerve  
I know she comes first  
And that's the part that hurts  
So I'll bite my tongue  
God, I know that you're the one  
I know she comes first  
But that's the part that hurts  
Boy, loving you is the worst
