

# This Man

K. Michelle

There's this man I love  
He's not mine at all  
He don't even call me  
He make me feel so small  
How could you leave me on the edge for the fall?  
We so good, leave me havin' withdrawals  
There's no pretty, there's no need in me at all  
I could walk on water and you still not be in awe  
Oh-ooh-oh, oh-ooh-oh

What do you do when a man that you love don't love you?  
There's no words or no phrase to make you feel like I do  
You just abandoned my heart  
Like I wasn't worth a damn  
You didn't want me from the start  
You showed me that by loving her  
Instead of me

And I'm not mad, I'm sad as hell  
To see you give the love we shared to someone else (Someone else)  
Was it a lie, all of the times I gave my all to ya?  
What was it for? 'Cause I ain't sure, thought I meant more to ya  
What does she have that I don't?  
What does she do that I won't?  
You don't even know, why'd you let me fold?  
Save your reasons, wish I didn't need 'em no more

What do you do when the man that you love don't love you?  
There's no words or no phrase to make you feel like I do  
You just abandoned my heart  
Like I wasn't worth a damn  
You didn't want me from the start  
You showed me that by loving her  
Instead of me

Thought you knew from the start, I'm the type to love hard  
That hard love could be a battle  
But you left scars  
When you cut me too deep, had my heart bleeding for you  
Now you act surprised when I act a fool  
Falling for you, yeah, you

You just abandoned my heart  
Like it wasn't worth a damn  
You didn't want me from the start  
You showed me that by loving her  
You just abandoned my heart  
Like It wasn't worth a damn  
You didn't want me  
You showed me by loving her  
By loving her  
Not me  
Not me  
Hmm-mm-mm
