

Welcome to the People I Used to Know

Born March 4 in Memphis, Tennessee
If you're listening to this album, thank you!
You're either a helper or a hater
And part of the reason why I got to this paper
I know I asked who wanted to buy a heart
But I've decided not to sell it
I have a lot on it, and I just want to tell it!
If you hear something on this album that steps on your toes
Just know the truth only steps on your toes when you've stepped
out of line!
