

# Whatever

K. Michelle

Whatever  
Burning eyes  
Unanswered wise  
A year ago today  
He left me in my bed to die  
I think about it sometimes  
I can't even cry  
Ain't bitter  
Just ready to try  
Haven't seen his face  
But I love him so much  
Close my eyes  
I can feel his touch  
Don't know a lot about the future  
But I know I'm ready to love

So I'm grateful  
For every break in my heart  
Every time he tore me apart  
The cheating  
All of the lies  
But now I'm ready  
Where ever you are  
Where ever you are  
Where ever you are  
The cheating  
All of the lies  
But now I'm ready  
Where ever you are

What a change  
In me today  
I wear the scar  
But I'm ok  
I've come a long long wa-ay  
But honestly I must say  
I need love like everybody  
What makes me different  
Cause I dream of holding hands  
And making wedding plans  
May sound a little bit crazy  
Cause once you've seen  
The other side  
You deserve a perfect life  
I know he's out there for me

So I'm grateful  
For every break in my heart  
Every time he tore me apart  
The cheating  
All of his lies  
But now I'm ready  
Where ever you are  
Where ever you are  
Where ever you are  
The cheating  
All of the lies

But now I'm ready  
Where ever you are

Where ever  
You ooh are  
Where ever  
You ooh ooh are  
Oh oh oh agh ah

So I'm grateful  
For every break in my heart  
Every time he tore me apart  
The cheating  
All of the lies  
But now I'm ready  
Where ever you are  
All of the cheating  
All of the lies  
But now I'm ready  
Where ever you are
