k-os

(Leave you alone)

When I met you
I was born to run
Fooled by a chick who said she'd be the one to hold the gun
She feels it all
Feelin' herself like a collect-all [?]
But never mind that
Get an answer
Like tellin' the truth here to get a cancer
(Dadadat)
It felt so right
(Dadadadat)
When we met that night
Yeah, I was at a loss
Y'know pain cost to be that boss
And the way you came across in lighting
The way you aimed your thoughts so frightening
Blow
How you like me know?
But you couldn't confess and left in doubt
With or without you U2 song
I put it out there that you'd do wrong
Said I liked your style
Like a safari you drove me wild
You flashed your smile but still denied me
Elegant, but yet so grimy
Don't mind me you'll never find me
It's the ever-timely, diamond minded, rhyming, pantomime
Alkaline battery, energizer I'ma hypnotise yo when I-

(Oh)

I can't leave you alone
I can't leave you alone
I can't leave you alone
I can't leave you alone
I can't leave you alone
I can't leave you alone
I can't leave you alone (Lone)

(Yeah Crab- crab- crab- crab)

We were introduced at the party
I was seduced by what you did to my body
It felt so wrong
This can't be right
But you reassured me that you wouldn't hurt me
After one taste, the chase was on
And every time I got close you were already gone
They say give a good dose Trav [?]
You must not know Trav
I never leave her alone I need this so bad
Like a bear needs honey (ba ba ba ba)
Like the rich need money
You're like a carrot on a string (ba ba ba ba)
Hanging from a stick attached to the back of a bunny (Oh)
You probably find that funny huh? (ba ba ba ba) (Aha)
But what if you were the bunny huh?

And I was the mechanism keeping you from what you wanted
Would you still love me?
Enough of that

(Oh)

'S long as I'm breathin'!
Let's go!
I can't leave you alone
I can't leave you alone
I can't leave you alone
I can't leave you alone
I can't leave you alone
I can't leave you alone
I can't leave you alone (Lone)

I could never leave you lonely
How could I be famous if I'm not with you?
I told you you're my one and only
So why don't you hold me like you want me to?
'Cause I've got a love
And I want it forever
And I've taken others
And being together

I can't leave you alone
I can't leave you alone
I can't leave you alone
I can't leave you alone
I can't leave you alone
I can't leave you alone
I can't leave you alone
