

## Dance in Yo Car

k-os

Our Father, who art in heaven  
hallowed be thy Name,  
thy kingdom come,  
thy will be done,  
on earth as it is in heaven.  
Word up!

I make a call but you're not there  
I fly a ship into outer space, there  
I'm beneath, but there's nothing to say  
I forgot how to pray now  
And if the sun falls out the sky  
And all the truth you know, turn lies  
Up to you, but nothing to say (to say)  
You forgot how to pray now

Check it out  
You've read every book on your shelf  
and you know every word by heart  
But it does no good  
Cuz the world so cold  
world so cold  
and when the morning comes  
it's just so hard to get out of bed  
Because this world doesn't know how deep you go  
But something's holding you

I make a call but you're not there  
I fly a ship into outer space, there  
I'm beneath, but there's nothing to say  
I forgot how to pray now  
And if the sun falls out the sky  
And all the truth you know, turn lies  
Up to you, but nothing to say  
You forgot how to pray now

Oh deep back slide  
Hard to believe how we left this ride  
Used to believe int he man in the sky  
Now we believe in the planets in the eye  
besides, if we tried to pray  
who'd be listening anyway  
tried to get down  
to the sounds of my youth

If you can't dance in the car  
then you can't dance at all  
they can take you far  
make your way to star  
get in your car  
but heaven calls  
dance in your car  
or you can dance at all

(whoa!)

I make a call but you're not there

I fly a ship into outer space, there  
I'm beneath, but there's nothing to say  
I forgot how to pray now  
And if the sun falls out the sky  
And all the truth you know, turn lies  
Up to you, but nothing to say  
You forgot how to pray now
