

POCKET DIAL

k-os

We got a bad connection
(Hold on)
Because you're blowing the lines
I made a bad impression
(Hang up)
Cause I can't believe that you're mine

You wanna stand out
But in doubt
So ya play ya hand on the weekend
But your touch is so cold
It never really mattered to me
(Bad bad)
Another man down
Turn around
Then you slip in bed when I'm sleeping
But your walks so cold
I pretend that you're a mystery
(Bad bad)

Only girl in my heart
I remember when we first started
How quickly we dearly depart
Now I'm dancing alone in the dark

We got a bad connection
(Hold on)
Cause you're blowing the lines
It's always bad directions
(Hang up)
(Too long)

I let the phone ring
Then I think
Kevin what the hell are ya doin'
For he who hasn't sinned
Cast the first stone if you can
(Bad bad)
I do my own thing
Bad boy
Plus I'm the son of a preacher
We got a bad connection
In her reflection God was never a man
(Bad bad)

Only girl in my heart
Do you remember the day that we started
How quickly we dearly depart
Now I'm dancing alone in the dark

We got a bad connection
(Hold on)
Somebody gimme a sign
It's always bad directions
(Hang up)
(Too long)

Beautiful animal
Randomly mechanical
Pulls up to the party
In a diamond crusted camisole
No one knows
Feeding like a single cell protozoa
I am but a ripple in her ocean
Throne overboard
Overlord
Duck down the alley past Dovercourt
The Big Bang was just really god's pocket dial
416 647 to the 905
She's no man-eater cause I'm so alive

We got a bad connection
(Hold on)
Somebody gimme a sign
It's always bad directions
(Hang up)
When the blind
Lead the blind

Bad connection
(Hold on)
Blowing the line
Bad connection
(Hang up)
(Too long)
