Catch Me When I Fall

K's Choice

Do you remember how it started
Both innocent and young
High up over clouds
Living wild and living now
And then everything just changed
I don't know how

Will you catch me when I fall
Into the darkness
Hold me close to you
'Cause you know that I love you
Will you catch me when I fall
Into the darkness
Hold me close to you
'Cause you know that I, you know that I
You know that I love you

Still remember how we were
I wrote songs and wore your shirt
But I can't hold that hope no more
Seems like nothing is for sure
Seems like nothing, nothing is for sure

Will you catch me when I fall
Into the darkness
Hold me close to you
'Cause you know that I love you
Will you catch me when I fall
Into the darkness
Hold me close to you
'Cause you know that I, you know that I
You know that I love you

Will you catch me when I fall
Into the darkness
Hold me close to you
'Cause you know that I love you
Will you catch me when I fall
Into the darkness
Hold me close to you
'Cause you know that I, you know that I
You know that I love you

Into the darkness
Hold me close to you
'Cause you know that I love you
Will you catch me when I fall
Into the darkness
Hold me close to you
'Cause you know that I, you know that I
You know that I love you
