## **River To The Moon**

I know there`s a place for us A time where we belong Somewhere in the universe When everybody`s gone Or somewhere close to home

And I will go there soon Watch me skate On a river to the moon

I know there's a place for us Where everything is quiet No more call for glory And no more need to hide And everything is white

And I will go there soon Watch me skate On a river to the moon

It`s somewhere close to home

And I will go there soon Watch me skate On a river to the moon
