

## Something's Wrong

K's Choice

When your pubic hair's on fire, something's wrong  
When you think you're the Messiah, something's wrong  
When you mistake a plane for Venus, something's wrong  
When your girlfriend's got a penis

Something's wrong...  
Something's wrong...  
Something's wrong...  
Something's wrong...

When you like music more than life, something's wrong  
When you start sleeping as you drive, something's wrong  
When you're favorite drink is thinner, something's wrong  
When you're proud to be a sinner

Something's wrong...  
Something's wrong...  
Something's wrong...  
Something's wrong...

When a canary drives a tractor, something's wrong  
When your president's an actor, something's wrong  
When your jacket's plagued with dandruff, something's wrong  
If you think that this song matters

Something's wrong...  
Something's wrong...  
Something's wrong...  
Something's wrong...

Something's wrong...  
Something's wrong...  
Something's wrong...  
Something's wrong...  
Something's wrong...
