

Test Of Time

K's Choice

I slaw you the other week
Eyes locked but we didn't speak
And you just turned your back on me
I don't know why you insist
Playing games 'cause I can't resist
And I just don't know who to be

'Cause you have passed the test of time
You're out of sight but always on my mind
You have passed the test of time
You're out of sight but always on my mind

I try to call but I change my mind
I gotta move on gotta find the light inside
I can't be waiting
There's something always pulls me back
It's the same old thing and I'm right on track
So babe, baby, I guess I'm waiting

'Cause you have passed the test of time
You're out of sight but always on my mind
You have passed the test of time
You're out of sight, you're outta sight

You have passed the test of time
You're out of sight but always on my mind
You have passed the test of time

You have passed the test of time
You're out of sight but always on my mind
You have passed the test of time
Always on my mind, always on my mind
Always on my mind, always on my mind
