

Woman

K's Choice

I dug a hole but I'm mountain high
I could be dreamin', are you
'Cause now I'm looking at this big blue sky
It looks too good to be true

I'm going out with a bang, a bang brother
It's a cry for help
It's a sign that I'm feeling alive
I got stuck but I faced the fire
I'm not a girl, I'm a woman, woman

I'm going out with a bang, a bang brother
It's a cry for help
It's a sign that I'm feeling alive
I got stuck but I faced the fire
I'm not a girl, I'm a woman, woman

Back into the darkness going nowhere fast
So I'm still looking for clues
But I've seen a light in a distant past
I think I see it in you

I'm going out with a bang, a bang brother
It's a cry for help
It's a sign that I'm feeling alive
I got stuck but I faced the fire
I'm not a girl, I'm a woman, woman

I'm going out with a bang, a bang brother
It's a cry for help
It's a sign that I'm feeling alive
I got stuck but I faced the fire
I'm not a girl, I'm a woman, woman
