

## A To B

K-Trap

110 on the dash, on the way to the cash, watch out for the ANPs  
Louis V on the pedal and the Matte says AMG  
Pretty little ting for the trip der  
Gonna help me bring a half brick dere  
Said she want shoes and a handbag  
Duffel bag and this ram pack  
I just wanna get A to B, B to A  
I just wanna get A to B, B to A  
Before I take that trip  
I pray that I make it back cah the streets ain't safe  
I just wanna get A to B, B to A

I just wanna fly this pack in peace, without pigs giving me grief  
Cause if I get stung with this, that's 8 or a 6 to 3 the least  
That's a whole load of swag, cash and waps if you're talking about me  
And if you're talking bout the T, then I'm 2 scales deep in grease in beat  
Young boy, it was bikes and paper  
Never would have thought I would brake this quarter key right down with the razor  
Never would have thought I'd be out in the block with the dots, 2 bells and a laser  
But its mad how times can change  
Now its no miles and nuttin but smells on a starter and drive this range  
110 on the dash on the way to the cash with a baddest  
Told her controll this package  
After were gonna go Harrods  
She wanna buy heels and dresses  
Told her walk to the till no stresses  
And after it's back to the stretches stove and the 2 Pyrexes  
Baby I'm young and wreckless  
She told me she Bad and Boujee  
Showed her the diamonds, dial on the new p's  
Now she wanna make movies  
But there's no time for sets cah the satnav without where we driving next  
Hiding everything, gotta drive correct  
If I don't, then I'm likely to find a pen

I just wanna get A to B, B to A

A to B just to put this skeng down  
New month, I just wanna put a 10 down  
New grub, I just put a new text out  
10 out of 10, got the best out  
Watch on my wrist cause her arm and her leg  
And I swear its got the ladies wee  
All cause I went and hit the T  
All cause I went A to B

Trap boy went and made dem trips  
When a boy and they give me a lift  
Remember when my car used to struggle to fling it in 5th  
Now I just fling it in S  
Relo king, gotta give me a sec  
Comes in raw then I give it a press  
Table for two uptown  
Told my one fling on a dress  
Life of a young trap God  
Steam veg and black cod  
Told just run it, it's nothing  
I don't really mind what the tab costs  
Put on my coat and walk to the exit  
Jump in my foreign and dash off  
Dey ain't life of me  
Still got it from A to B
