Bring my shooters to my show and to my house
Hundred thousand in my baby mother's 'count
Whole team eating, rocking Rollies proud
Wow wow
Baby don't move weird
I'm too unpredictable that shit makes her scared

Up in Harrods with some qwengers, they like Louis loads
Young rich niggas that do the most
Canada Goose that's for the coat, or it's a Moncler
She see the diamond down I think I've gone clear
Rose gold clips she said it matches with my skin colour
Told my runner every oner wrap it in a rubber
Rubber bands, my new bitch looking foreign and she loves a tan
Told her I can hit it from the back, but I can't love her back
Facts
Hide a stack up with my new bitch
Not till I got through shit, plug show me the blueprint
I know they never thought I'd do this
Now I heat the leathers on my new whip, up town
Got myself some new drip
Wap shopping need myself some new guns
Rocket and a huge one, spin a tray goose one
Pack done, bring the calculator it's a new sum
Got on the phone and told the plug I need a new lump
