

Big Mood

K-Trap

Ever see the way I'm living, you'll say "big mood"
I talk half square and up, yeah, big food
Big whips, big waps, I got big jewels
So if it's nuttin' big, it's a missed call
I'm bigger than that, nigga, that's facts
Told shawty go then bring it right back
And that nigga lied so I'ma bring him a cap
Slide with the guys like "bring me my mash"

Trap fashion cooker, half square and a mare
Can't you smell that petrol smell in the air?
Shawty can't wait 'till I tell her I'm near
She just wan' a trap boy to hold up her hair
I just want an M, is that too much to ask?
Pyrex full, too much in the glass
Titty sit right, she got too much arse
Young nigga Blue selling too much hard
Big mood, you wouldn't know, you're a bit new
Mum said go do suttin' that you stick to
So I made bricks move, levelled up lovely
Assistant in Louis said the sweater fits lovely
Gotta cop it, I'm in Harrods with a lot of profit
Cah last week I hit the T, done a lot of office
Sugar from 9 'till the X was choppin'
But he ain't seen lake in a Pyrex profit

Ever see the way I'm living, you'll say "big mood"
I talk half square and up, yeah, big food
Big whips, big waps, I got big jewels
So if it's nuttin' big, it's a missed call
I'm bigger than that, nigga, that's facts
Told shawty go then bring it right back
And that nigga lied so I'ma bring him a cap
Slide with the guys like "bring me my mash"

No attention cah them man ain't big enough threats
War ready, yeah, we got big enough skengs
I can smell a reload, little bit left
'Bout trap boy, you ain't got a big enough 'rex
I just got a text and the number ain't saved
Might be Chanelle or Shanay
Pigs watch, wishing they could number my days
I know they got Trap God under my name in the office
Cah anytime they seein' suttin' great, wanna stop it
But I'm too blessed
Left wrist wet plus shawty tellin' me she's too wet
And "can I come?" Yeah, two secs
She just want a sex tape, fans want a mixtape
Brick came mix taped, whiped 'till my wrist ache
Sugar said she wants triple S' in a five
Four and a door, have a pebble by the night

Ever see the way I'm living, you'll say "big mood"
I talk half square and up, yeah, big food
Big whips, big waps, I got big jewels
So if it's nuttin' big, it's a missed call
I'm bigger than that, nigga, that's facts

Told shawty go then bring it right back
And that nigga lied so I'ma bring him a cap
Slide with the guys like "bring me my mash"
