Nathaniel London  
Tsh-Tsh, Tsh  
Tsh, Tsh-Tsh  
Mhm Mhm

When you hear that corn go (Grr, Bap)  
Run and hide, duck and dive  
Trey 8 corn but it looks all dodgy (Uh), hope it don't get stuck inside (No)  
Look in the press, I pressed too hard (Hard), hope it don't get stuck inside  
(Yeah)  
Shawty wanna' be outside all summer no-  
wonder she stuck outside in the winter  
Beat that 12 with two bare hands, the handles wooden I got me a splinter  
Walked in with 18k on my neck (Neck), now I got number and her Insta (Yeah)  
I ain't gonna' DM, she's preein' I'll let her do the honours (Go on)  
These hollows put you in the air you ain't coming down that's just me being  
honest (Yeah, Yeah, Tsh-Tsh)

I'll drive it, broski put him in the air (Tsh)  
Two sided shotgun put in the flares  
Auto I don't wanna' put in the gear  
The cry in tears, I got the boom, bam, the sirens near (Uh)  
Bobby don't care, he still on route, mop too big can't get in the boot  
Step in the same ride, give em' a clue  
But different plates, get em' confused  
Bro got blade and still wanna shoot, Me I'm the same (Hmm)  
Told Bae I can't link tonight I'm drained (No)  
Pull up, put the shell case right in the drain (Yeah)  
I watched bro drill that right on the mains  
Flicking the spade like I ain't the same

Walked in with P (Do it), that's half a ticket in jewels (Jewels), about twenty in tools (twenty)  
How you make man get so close, I guess you weren't ready at all (Huh)  
You ain't put ten on a tank and went there, something got pellets in the flats  
This ain't Mc D's, I waited in the car park, already had the Mac  
Double R truck, and you ain't gotta' ask the bitch if she guna' snap the dash  
SK in the front, I put on safe, I don't wanna slap the dash  
Make sure you grease your toes, tell you about time, I couldn't believe it jammed  
I clicked it several times, held it firm, I couldn't believe my hand
