Gunshots ringing off, which way? (Which way?)  
I know the pigs want me gone, which day? (Which day?)  
I couldn't stand being broke, switched lanes  
So I went and put it in, I was on the strip late (Late)  
No pot pissing, I was round the pot whipping, made a killing  
And ever since I hear the block hissing (Hissing)  
Cah there snakes there  
But I ain't worried and they know why (Why?)  
Cah it's local and so live (Yes)  
Don't lie, you ain't seen a scrum or a whole pie  
Me, I'm kinda different cah I made loads fly  
Thought I told you, I'm nuttin' like those guys  
And I ain't gotta explain cah she knows why  
She can see the difference, wrist wet, you can see it glisten  
When they spoke, didn't see me listen  
'Cause I'm my own boss, it's me who gives OK's (Yes)  
Ring trap the whole day, now there's no flake (None)

Gunshots ringing, which way though?  
Better duck down or lay low  
And we're familiar with strips cah we take those  
Familiar with bricks cah we break those  
Tell the kids "better take note"  
And watch for the pigs in the plain clothes  
All my niggas got the same goals  
How you think we made a killing off the same stove?

Watch looking like I took it in the shower with me (Wet)  
Messy in the kitch', told mum "it's only flour on me" (Flour on me)  
Only if she knew, I'd hear a ear full  
Trap boy, where? I see a pot, it ain't there fool  
Physical altercae', for that thing he had to sit down  
Suttin' got dipped down, now he's on the recall  
Last time we slid, something nearly got licked down  
Younger's gotta now, told 'em it's the sequel  
Life like a rockstar, bae ain't a fan of it  
Told me if I carry on, then I'm gonna leave you  
I just gave her a smirk, I ain't hurt  
Spend this money by myself, I got birds on the curb  
Plus a lot more, took a brick but I could take a lot more  
Shop more, I just take money out my sock draw (Yes)  
Bad bitch coming, she just wanna catch lock jaw (Lock jaw)  
Told her, "take the lift to the top floor"
