

In My Pot

K-Trap

Can't lie
It's been a while I put soft in my pyrex bowl
You can get it soon as it locks!
You can get it soon as it dries!
Trapping ain't dead, it's alive!

I can't, I can't lie
It's been ah while I put soft in my pyrex bowl
Cuh, Cuh I do less and I make way more
When I get em' and fly dem' whole
Ain't been dat long I had the .44 roulette just driving slow
But I wanna stop right dere'
Cause it goes all pare and da' Trident kinda know
Lee Harvey Nicks or Harrods
Spot-and-Cop, We don't try on clothes
My niggas' in jail that's Samsung Galaxy snap chats
Like he's allowed his phone
Me, Me I'm in trap and studio
Bae telling me I should make more time
Just got a call for a 2' and a daughter'
Now I'm at the stove tryna make more light!
I swear it must hurt, when you write your 6' in the [?]
Knowing that you can't account
I swear dem' man dere' foul
Think they need words of Jeremy Cowl
Big Wap in the Louie man-bag
Man walk wit things in style
Patterned jail, made ah killing off flake
Now the baffled asking "How!?"
I'm ah different 'kettle of fish'
You got ah different 'kettle of tits'
You should Shoot, Shut-up and be quite
You ah, You ah different kwenga', you snitch
I put different levers on sticks
Tryna leave dem man banana's all split
Ask the plug, are you sure it's da same one?
I caught a difference, man, off dis' brick

Look in my pot
Look, look, look in my pot it's a lot
Tell, tell, tell me ah day when it's not
You can, you can get it soon as it locks
You can get it, you can get it soon as it dries
Trapping, trap-trap-trappin' ain't dead, it's alive

Look in my pot
Look, look, look in my pot it's a lot
Tell, tell, tell me ah day when it's not
You can, you can get it soon as it locks
You can get it, you can get it soon as it dries
Trapping, trap-trap-trappin' ain't dead, it's alive

My battery's drained
I been trappin' all day
Paro'-paro' as fuck
Thinking the pigs might try me today
My yung, my yung's is sav'

They push it in deep and drag it away
Ri-ri-ring off the mac, dese' lugsers will slap and drag him away
Drag-Drag him away, I doubt dis' doc can nurse his exit-wound
Par-par-party stopped, that's trap-
house, gang & waps that's stepping through
Ever since I stepped on food'
It's no-milage, steps in Loubs'
But Pigs, still seem's they're watching
I gotta watch my steps & moves
Trap-Trap, Trap, Trap, Trap all day got ah nigga lonely
And Bando far from cosy
Raw on da table like Tony
Mem', Mem', Member when my shoes were buss-down
Now I really want ah buss-down rollie
But no I couldn't buy dat buss-down
Cuh' I really spent racks on smokey!

Look in my pot
Look, look, look in my pot it's a lot
Tell, tell, tell me ah day when it's not
You can, you can get it soon as it locks
You can get it, you can get it soon as it dries
Trapping, trap-trap-trappin' ain't dead, it's alive

Look in my pot
