War with the opps, that's set in stone
I know that's why we need 44 flats
.44 long and a .38 too, that's 82 if you're doing the maths
I need .223s or a Draco too
But for now these black bells aim for the hat

I'm sending corn if you're sending subliminals

Give my young boy a bag full of teeth, get rid of all

You would've thought I was kidding if you counted my chingings
You know I weren't joking if I said that I smoked him
Scream out glee 'cause your bredrin got ****

Three-car convoy deep on the opp block
Spin that block till the gear box broken
