

# Paid The Cost

K-Trap

Tryp on the beat

I was depressed without that presser  
Clamped it and made one extra  
You ain't had a bird in the cab  
Same time you're on Capital XTRA  
Designer, mix, match  
But it cost a lot and it's droppin' well  
Let's lurk, two L's  
Load that fours with the dots as well  
I'm the same man that made Pyrex cool  
That's was rappin' and flyin' 'em all  
In school, couldn't bring my skeng  
But I had a flick shank in the dining hall  
Tie them laces  
I don't know your place at work but mine was vacant  
Got the brick and broke it  
Now it's slow drives in the spaceship  
Pretty little thing, can't ever get caught with kingpin  
No, that's headache  
USA about 20K, ATL then LA  
I was tryna link up with the killys in yard  
That's high grade spliffs and reggae  
Ties some string with the SK  
Opp block tryna press play

Fans tellin' me I need rage or plate with the ice  
Said it's nearly lockin'  
Plugged in, they barely got it  
Fully in season, yeah, she clocked me  
I was on the corner, robbers and shottas  
Party with barbies, bae, she blocked me  
Vexed cah all nigga do is lifestyle  
But at least man do it up properly  
Costs to be a boss  
And I paid it already and left a tip  
Good little spice  
Virgin, tight, only let the tip  
Respect the drip  
Don't draw me out, gotta mess the drip  
Man shot two 9's but the rest a myth  
So lit that she wishes she let me hit

I can't bang, I'm way too gone, let my man paint it  
Bro got the Golden Boot, he tied them laces  
Premeditated, killed the game, I planned it  
Gimme that door, I'll slam it  
In a 4.3, it's draggin'  
Them rap songs got me lidge  
Big drip got me your bitch  
Opp block, tryna play 'it'  
One hand ting, flicka da wrist  
Flick up a brick  
Broke it down and out but the stamp was Fendi  
Mix, match designer birds  
That's minor, me, S ran through plenty

Fans tellin' me I need rage or plate with the ice  
Said it's nearly lockin'  
Plugged in, they barely got it
