K-Trap

I ran up - I ran up on dem opps twices
Trey-Trey Deuce, but brought the brucky out last time
Aim-Aim Shoot, Bet I'll blood em' if I blast mine
Scoring points, white wash before it's halftime

Remember when 'shhhh' brought the mac as well
Took the shotty out at 4 and bought it back at 12
Dats 8 hours tryna find you fools
I backed my hammer had some dickheads tryna climb the wall
Ain't really tryna ball, I need my money higher now
Pyrex jumping in the pot, I turnt the fire down
Put ah 'whistle' on the pistol so it quiets down
Gave it back to bro and told him "try it now"
Live rounds, I could never throw blanks
Dem niggas banging with no money? Man that's so brass
Gave my runner 2 parcels like ah postman
And told him "Any confusion, you should phone man"
Real trap boy like my nigga 'S'
Gunman like my nigga 'Skeng'
I touch but I never see the pen again
Fuck the lying pigs and free up my friends

I ran up - I ran up on dem opps twices
Trey-Trey Deuce, but brought the brucky out last time
Aim-Aim Shoot, Bet I'll blood em' if I blast mine

Playing demo [?], I'm fully in the game
I really live this life, why we ain't the same
Dem kats getting served any time of day
I'm 24 hour trap like [?] and chase
They half-hearts, 50 not ah hundred
I see my money go 0 to 100
Press work, turn half's into onions
I distribute work, That's all over London
Or I done pulled up on some gang-stuff
The feds said my whip was flagged for some gang-stuff
They try to turn man zero, bankrupt
I couldn't go broke, word to when I didn't have much
2 bells in the brucky tryna hit him twice
[?], took trip and been on rides
Drive-by's with the smoke, I'ma do him nice
Hammer out dingers, I'ma stretch him if I blast mine (Fact!)
