

## We Did

K-Trap

Two Cuban links (60 a piece)  
Click and click, I try and abuse the pin  
It can be the X or the G  
I don't know what shoes I'll bring  
I just know I'll use my ting (I do)  
Tucked down with the coolie ting she was gelling her baby hairs  
Now the sixtys take it there, with the 419 but I don't play with squares  
Turned that to a pack of runts, contactless just tap it once  
The deuce is little but it still packs a punch  
Only saw it spray I never saw the mac on one once  
Pigs done a raid, cunts, thinking they leaving the raid and bringing out bla  
des ha nuh  
They bringing out trey 80s and pumps  
Two tings in the lamb and they both got influence and buff  
I just put on this chrome and get them an insta dump it's calm  
Had to leave her alone she's dealing with fools before I'm harsh  
Had a cowboy spinner in a suit before that's class  
Had a speedy fill up with 40 large  
But now I'm in jail with the juice and they only taking card  
Brick of yola and it came in dressing like a ceaser salad  
We brought out a kitchen and rolled a smithin I couldn't believe the challen  
ge  
Rocked that Rick with the blick can you see this jacket?  
Got the rari breathing heavy I hope I don't see a Karen

When you hear (ch ch), you know what we did  
When you hear (neuum) you know what we done  
When you hear (hmmm) you know its a banger

She's trying to put her hand with the crutches you know it's a hammer  
380 to be exact  
You know the good girls still wanna roll with trap  
You know the bad ones still wanna roll with trap  
They don't wanna roll with you cause they know its cap

GIA no labs  
No shotguns only fans  
If she's with me  
Then the Cs and louis Vs gotta stay on brand
