

Marry You

K.Will

Close your eyes
From now you have to hear me say
Take my hand
You'll reach out to my heart and then
Feel the heat
I'm gonna be your shining star
Like Boys II Men, now I'm on bended knee

Oh, my love is all I have to give to you
But I'll do anything for you
I promise you
'Til the end of time

I'll make you a paradise
And need your advice
Please be on my side forever, babe
Mm, like a half a paradise
I ain't no other guys
You are the only one for me
Let me love you
I surely want to marry you

Eyes on me
You don't have to tell me why
Don't be shy
I can see it in your eyes
Feel the heat
I'm gonna be your shining star
Like Boys II Men, now I'm on bended knee

Oh, my love is all I have to give to you
But I'll do anything for you
I promise you
'Til the end of time

I'll make you a paradise
And need your advice
Please be on my side forever, babe
Mm like a half a paradise
I ain't no other guys
You are the only one for me
Let me love you
I truly want to marry you

In the park
Or in the dark
I'll be dancing
When I'm with you
Any place is paradise
When I look in your eyes
I can feel your heart
You are my mind
You are my soul

I want to marry you
And spend my life with you
Please be on my side forever, babe

I really want to marry you
That's how much I love you
You're the only one for me
I've made up my mind
Truly I will marry you

Ooh, ooh
I just want to marry you
Yeah, marry you, marry you, marry you
