

Dream of My Magic

K.Young

Baby I'm lasing the heart of your heart
when you think in love have a forsake
one thing in dream each time I think of you
lie baby beside me
only a baby I've reach
she will bring magic sing to your heart dream
only a lady could a dream comes alive
you are all that I desire

I can sing through you, I know you're so
you're so precious, my better half
and when you're fucking in the Louie sheets on the bed
you can fresh fruits off your breath
guess your body yellow way down, down
I knooow that this must be a dream

It's all in my head, tu tu ru tu ru ru
a butterfly, a fate tu tu ru tu ru ru
maybe I've just had a little much a dream
may come still dreaming yeah

She said she love, how my father once said
I keep a 150 friends rapped up paper brand
but it's fresh, do it, do it for the love, for the love

Baby I'm lasing the heart of your heart
when you think in love have a forsake
one thing in dream each time I think of you
lie baby beside me
only a baby I've reach
she will bring magic sing to your heart dream
only a lady could a dream comes alive
you are all that I desire

Every time I sing to you
I hope I'm getting through could you live in my heart though
anything I have don't ever ask for nothing is yours baby
trust me I'm sad, I need you to
you was down I was all fucked up

but she's my queen to be

Baby I'm lasing the heart of your heart
when you think in love have a forsake
one thing in dream each time I think of you
lie baby beside me
only a baby I've reach
she will bring magic sing to your heart dream
only a lady could a dream comes alive

you are all that I desire
