

## 2 Much

K.A.A.N.

Ah  
Ah  
God  
My God

Think you should take a break, I'm 'bout to activate  
I got a lot to say right now  
See that I level the field, I'ma level up  
Shut the fuck up nigga, pipe down  
This no democracy, too much hypocrisy  
All of these politics, these niggas contradict  
Fuck your apology, you a commodity  
I'm an anomaly, I told them niggas

That's too much, that's too much, that's too much  
That's too much, that's too much, that's too much  
That's too, too, too, too  
That's too much, that's too much, that's too much  
That's too much, that's too much, that's too much  
That's too, too, too, too  
It's too much to fuck up the plan  
I don't think you understand  
That's too much, that's too much, that's too much  
That's too much, that's too much, that's too much  
That's too, too, too, too

Too many snakes, too many fakes  
What does it take, to eliminate and regulate  
Make no mistake, niggas fall off and choke  
I could never relate, 'cause I innovate  
A sign that I'm truly great  
Accept your fate, accept defeat, I'm too elite  
Too determined, you niggas can't compete  
You're obsolete, you're incomplete  
I set the scene, you seen the sign  
It's not your time, you're outta line  
Told them niggas don't rush perfection  
You can crash 'fore you hit the exit (Whoa, whoa, whoa)  
Pay attention, are you correcting, need more to subdue collectors (Please go slow)  
I just wanna elevate, change up the game, re-  
arrange everything, lemme renovate  
Niggas wanna take what's mine, no sir, no way you could dine from my dinner plate

Think you should take a break, I'm 'bout to activate  
I got a lot to say right now  
See that I level the field, I'ma level up  
Shut the fuck up nigga, pipe down  
This no democracy, too much hypocrisy  
All of these politics, these niggas contradict  
Fuck your apology, you a commodity  
I'm an anomaly, I told them niggas

That's too much, that's too much, that's too much  
That's too much, that's too much, that's too much  
That's too, too, too, too

That's too much, that's too much, that's too much  
That's too much, that's too much, that's too much  
That's too, too, too, too  
It's too much to fuck up the plan  
I don't think you understand  
That's too much, that's too much, that's too much  
That's too much, that's too much, that's too much  
That's too, too, too, too

Some of them niggas I get it, I pray that you got it  
Break in the building, I get up in it like a locksmith  
Bringing the smoke and they choking on it like it's toxic  
Truly devoted, I am the captain in the cockpit  
Niggas are quoted para-phrasing all of the nonsense  
I can't decipher all the imagery in the content  
I wish a nigga would can't you see that I'm clocked in  
The technical aspect, I wanna see what you got then  
You ain't in the top three, top five, top ten  
Close to the top tier, mhm mhm, mhm  
Niggas are washed up, mopped up, pop up every time the check clear mhm mhm,  
mhm  
Last year net 'bout a couple hundred thousand, I didn't need to leave my dam  
n house  
This year I didn't even feel like rapping, nigga what the fuck you talking '  
bout?  
Had to change my style up, that shit got boring  
Had to make shit louder, wake 'em up, they snoring  
Boy you off that powder, what the fuck you doing?  
Y'all running in place, where the fuck you going?

Think you should take a break, I'm 'bout to activate  
I got a lot to say right now  
See that I level the field, I'ma level up  
Shut the fuck up nigga, pipe down  
This no democracy, too much hypocrisy  
All of these politics, these niggas contradict  
Fuck your apology, you a commodity  
I'm an anomaly, I told them niggas

That's too much, that's too much, that's too much  
That's too much, that's too much, that's too much  
That's too, too, too, too  
That's too much, that's too much, that's too much  
That's too much, that's too much, that's too much  
That's too, too, too, too  
It's too much to fuck up the plan  
I don't think you understand  
That's too much, that's too much, that's too much  
That's too much, that's too much, that's too much  
That's too, too, too, too
