

## Act'n In Love

K.A.A.N.

You've taken a lot from me  
Actin' in love, I see  
You're pickin' me up when I'm down  
Actin' in love, I see

I can tell if you're gone  
Tell if you're wrong  
Tell if you need me  
Tell if you don't  
Better to be free  
Than settle for love  
Then I'm not sure if it's easy  
Or maybe a joke  
But you're the only one laughin'  
How did I know  
How did this go from my passion  
To actin' for show  
And I don't even need glasses  
To see what's going on

I can't love you for as long, yeah  
I think we lost touch, oh yeah  
I've had enough of the games and the lies  
Sometimes it's good, so good  
Is this fake stuff or lust  
Are you actin', or actin' in love

You've taken a lot from me  
Actin' in love, I see  
You're pickin' me up when I'm down  
Actin' in love, I see

Said all I needed was you, true  
The things that I do to  
Get your attention  
As if you notice 'em, no  
But just don't leave me like that  
Got a collection with you  
Can't understand your perspective  
It's like your speakin' hero  
I'm tryna take it further, darling  
You need me, you're mine  
There's common ground we can find  
Piece of serenity, I'm  
Searchin' for something sublime  
Just tryna catch all the times  
I feel like we're running in circles  
We're just wasting our time

All that I need, oh  
Oh no don't let go  
Just please don't go  
We're wasting our time, yeah  
I'm losing my mind, yeah  
Please don't go

You've taken a lot from me

Actin' in love, I see  
You're pickin' me up when I'm down  
Actin' in love, I see

You've taken a lot from me  
Actin' in love, I see  
You're pickin' me up when I'm down  
Actin' in love, I see
