

# ANIMOSITY

K.A.A.N.

I got too much animosity  
Dangerous qualities  
Lifeless apologies  
Constantly haughting me  
Taunting me

I got too much animosity  
Hopeless physcology  
Searching for god in me  
Praying for Harmony  
Hard to see

I got too much animosity  
Violent atrocities  
Spiritual poverty  
Making a mockery  
Shockingly

I got too much animosity  
I got too much animosity

Is it a side effect  
When brains cells don't connect  
When In-coming calls collect  
Them hands out for a check  
They quicker to shuffle decks  
The cards in yo favor less  
These jokers done made a mess  
That poker face in excess  
I see through the bluff like it's mesh  
Iron out the details I'm pressed  
They folding but let's digress  
I'm getting shit off my chest  
And Progressing with every breath  
Until there is no air left  
Elevator I air lift  
It's been years since I took a step  
What is a peasant to a god  
Are you a king or you a fraud  
Are you in tune or are you lost  
What did the tribulations cost  
Will it be worth it in the end  
Whenever the time doesn't bend  
When them accounts is in the red  
And there's is nothing left to spend  
We're you a vessel for a message  
Or just shallow to begin  
Treading in treacherous waters  
When you don't know how swim  
Envious of what you don't posses  
Obsession kicking in  
Lacking identity  
On the fringe

I got too much animosity  
Gods a comedian  
Life is a comedy

Killing me slowly  
With honesty

I got too much animosity  
Fuck the monopoly  
Fuck the hypocrisy  
Criminal novelties  
Bothers me

I got too much animosity  
I feel like an oddity  
Feel like a prodigy  
Feel I'm fulfilling a Prophecy

I got too much animosity  
I got too much animosity

I need cleansing of all this hate  
How much can one nigga take  
I'll snap then eliminate  
I can not deal with the fake  
This life is a game of fate  
Accept it or you could break  
I tell them it's about perspective and realities you create  
So when yo ego deflates  
Internally you debate  
They fall from the pressure like paper plates That cant carry weight  
The good ones borrow  
So if you stealing well then you great  
They reading from the same script  
I heard em regurgitate  
That's how you kill careers  
And they don't make it to pearly gates  
I playcate on the fears of my opponents  
They never safe  
You know the heavy weights  
Ain't supposed to battle  
With the welter weights  
We tether feathers flying in a flock  
So they can not escape  
Whoa  
I tell 'em to give me space  
Before I black and spray the place  
21 gun salutes recruits singing  
Amazing grace  
Hard to walk inside these shoes  
When you can not keep with the pace  
Nothing left to lose a lot to prove

I got too much animosity  
Building inside of me  
Demons confide in me  
Threatening society  
Modestly

I got too much animosity  
Emotional poverty  
Lacking dichotomy  
Poetic Robbery  
Properly

I got too much animosity  
Hunger is guiding me

Anger is blinding me  
Passion consistently binding me

I got too much animosity  
I got too much animosity
