

# Boom

K.A.A.N.

Uh huh  
Yeah yeah  
Lawd  
Uh huh, uh huh  
Yeah yeah, a-yeah yeah, yeah yeah, yeah yeah. Lawd!  
Knowledge, nigga  
Uh huh, Uh huh, uh huh, uh huh, lawd!

I hit you with that boom shakalaka, boom shakalaka, boom  
Now move motherfucker, move motherfucker, move  
Like, who motherfucker, who motherfucker who  
Like, you motherfucker you motherfucker you

Back in this vision  
I'm minding my business  
I swear that I'm coming correct, yes  
Murder the track and I'm doing my thing  
But I'm never a nigga to test, yes  
All of these people are running their mouths  
But you've never been fucking with me, no  
Giving that shit that you couldn't define  
And I'm never a nigga to see  
I been in a couple conundrums  
Minimalizing the most  
I'm selling to you for a lump sum  
Where in the hell did I come from?  
Giving that real, no apologies  
Pride in the way that I ponder these hypotheses melodically  
Of course I be that cynical son of sin not a saint  
I say vamanos, homie, órale  
Moving faster than Cassius Clay mixed with Malcolm X  
This religious relic's Ali bombaye  
Placing rappers in tombs  
I consume your soul with soliloquies  
Set inside the passat and beside the side of me sighing  
I signed a seal, that's a sign that  
My sound is something synonymous  
Sure assault with selections  
Celestial supervision  
My sect is second to none  
I don't sing or speak it in tongues  
As I seek for certain approval  
It's prudent I prove a point  
Your point I propose that I pass them all  
Catalogue I possess is a mess  
But I bet it catapults myself to higher plateaus  
Eat you niggas like plantains  
No R.I.P.s or picture tees  
Pitiful, leave you in vain  
I'm maintaining my sanity  
Sanctifying these verses  
Diversifying my mind with these rhymes of vocabulary  
The people sure to ignore it  
I feel that it's less important to focus on pleasing others  
Instead of finding your happiness

That boom shakalaka, boom shakalaka, boom

Now move motherfucker, move motherfucker, move  
Like, who motherfucker, who motherfucker who  
Like, you motherfucker you motherfucker you

Hit you with that boom shakalaka, boom shakalaka, boom  
Now move motherfucker, move motherfucker, move  
Like, who motherfucker, who motherfucker who  
Like, you motherfucker you motherfucker you
