K.A.A.N.

We keep kicking and pushing like lupe
Might go over ya head like toupee
Same old routine same shit everyday
You can make it happen in a million different ways
I like to analyze find another beat to vandalize
I don't romanticize for incremental progress substantial size
I'm under the microscope they magnify see where intentions lie
I'm giving a lot of dope no antidote all of this shit subscribe

The villain the one you know is better than the one you don't
I said that I'm lacing up my Nikes like we off to the race
I'm running circles around the competition staying in place
I can't not be stagnant aggressive bout my passion
We taking you on this ride I hope that yo seat belt is fastened
It's more then you can image It's everything that you asking fo

Manifest destiny on the road to becoming great

It's free for all for the paper {the paper}
That's all they want (that's all they want)
You gotta look alive in the jungle (the jungle)
The beast gone hunt (the beast gone hunt)

So weather you eating or you don't that's just on you
This nothing new and if the games is still survival then
We play by different rules
How bad do you want it? Will you step on yo opponent?
Will you fight and claw yo way straight up to the top to get up
on it
Don't it feel great to succeed? That's when you plan to achieve
This shit was scripted in the stars but not written by you or m
