

## Dope Works

K.A.A.N.

I said I smoke until the dope works  
I put my rollers in the air  
I said I smoke until the dope works  
Fuck up my motherfuckin' high if you dare  
I was-I was-I was trippin' in the background  
Head spinnin' like propellers 'fore I sat down  
I'ma ride on my wave, on the cloud  
I was just down, but I'm gettin' up, look at me now  
I said I smoke until the dope works  
I put my rollers in the air

You see gold, I see [?]  
You see gold-diggers, nigga I see Mona Lisa's  
You be pillow talkin', nigga me I Hasta La Vista  
You the type to pay the bill on what the fuck I'm leasin'  
Your upside down smile got a fuckin' crease in it  
Pretty far from d-d-d-d-decent  
Loud mouth nigga talkin' like they in a precinct  
Time's money nigga, never pay me cheap  
My middle finger up [?] said I keep it on repeat  
Taking off, too high, why the fuck would I ever come down?  
Look me right in my eyes, you can tell the time ain't right now  
Brand new peace of mind, that's what I found, shit is profound  
And the bullshit has no sound

I said I smoke until the dope works  
I put my rollers in the air  
I said I smoke until the dope works  
Fuck up my motherfuckin' high if you dare  
I was-I was-I was trippin' in the background  
Head spinnin' like propellers 'fore I sat down  
I'ma ride on my wave, on the cloud  
I was just down, but I'm gettin' up, look at me now  
I said I smoke until the dope works  
I put my rollers in the air  
I said I smoke until the dope works  
Fuck up my motherfuckin' high if you dare
