

Easy

K.A.A.N.

I mean it
We're not free
Even after speech
Shackles on feet
I mean it
We're not free
Even after speech
Shackles on feet

Niggas wanna be seen so bad that they'll kill for it
Sell they own soul for it
Toss they first born for it, for it
Claim false flags for it
Claim a body bag for
Your honor I'm the bad guy
Niggas want the green so bad they turn snake for it
Hella phony fake for it
Anything but great for it, for it
Complain cry and bitch for it
Anything but get more
You can't crack the code to the safe

Ah nigga it's easy
It's easy to get caught in some bullshit
Oh it's easy to say the wrong shit at the wrong time
Show your money and your chain off
And they got you, and they got you
It's easy, they got you
Who the fuck, told you you
Could say what you want, and can have whatever you want

I mean it
We're not free
Even after speech
Shackles on feet

I bet you think it's sweet don't you?
Land of the free, the home of the brave
Roads paved in gold and broken dreams
It seems, a little out of their reach (reach)
Until you get that final notice 3 weeks late
No sweepstakes, niggas starvin' you lookin' like cheesecake
An unfamiliar surrounding walkin' around like it's spring break
Survival of the fit a new era they on your dread yah
You look like you got some bread yah you like hell yah
Niggas tell ya singin' like they [?]
You see the sky put your hands there, leave 'em up
Pockets fat not no mo', that you bitch not no mo'
Treat a bitch like your queen a ho is an animal
Loyalty not at all highest bidder bet she go
Y'all came together bet you leave alone
If that's the way you wanna live nigga to each his own
You shoulda read that letter in the mail about 3 weeks ago

Ah nigga it's easy
It's easy to get caught in some bullshit
Oh it's easy to say the wrong shit at the wrong time

Show your money and your chain off
And they got you, and they got you
It's easy, they got you
Who the fuck, told you you
Could say what you want, and can have whatever you want

Oh I believe
