

Fool

K.A.A.N.

Ayy, whats your problem nigga?

You gon' make me act a fool now
You don't want me to lose my cool now
I've been doin' just fine for a few now
Till you came along and fucked up all my mood now
It ain't sunny when it rains (sunny when it rains)
So let me shadow your ass again

I was doin' just fine before you entered in (before you entered)
It's like you searchin' for weakness, tryin' to find your sense in here (for
your sense in here)
Sanctuary for insanity my nigga yah (my nigga yah)
Lookin' for reactions you just tryna get the trigger pulled (blow)
Cop that like what you say, oh no there's no debate
See clouds belong outside, not in your inner state
It's like you fiend to have a camera flashing in your face
It's 'cause you always got some fuckin' stupid shit to say (fuck outta here
man)

You gon' make me act a fool now
You don't want me to lose my cool now
I've been doin' just fine for a few now
Till you came along and fucked up all my mood now
It ain't sunny when it rains (sunny when it rains)
So let me shadow your ass again

In all reality nigga, I give a fuck if you go
Rep return a repo, or give it all to a ho
Actin' outta pocket like she 'bout to call an audible though
Then turn around and go give that bitch some more, no
And it don't bother me that your life's a quote
But wanna down-talk niggas like what you doin' is dope
Condescending mothafuckas get they lip busted
And they can't be trusted, so its mothafuck 'em
Yah, this ain't our first go-round, nah we seen it all before
You the type of nigga to undercut your mom to get all the gold
Tryna be the star of the show, but your 15 minutes on a layaway though
You ain't even get what the fuck you want, whats the point of this dumb shit
though
Fuckin' dumb-ass

You gon' make me act a fool now
Fuckin' niggas, ha ha ha ha
You don't want me to lose my cool now
You was doin' better just sittin' there lookin' stupid
I've been doin' just fine for a few now
Ol' Ashton Kutcher "Dude, Where's My Car?" bitch ass
Till you came along and fucked up all my mood now
OK now I'm mad, shit!
It ain't sunny when it rains (sunny when it rains)
So let me shadow your ass again
It ain't sunny when it rains (sunny when it rains)
So let me shadow your ass again
