

# Hate Me Now

K.A.A.N.

I need you to hate me, so I can use you for your energy  
It's real shit man, feel this

Before I die, I'm gon' rise  
Never seen a tear fall down my eye  
But I can't lie, it's hard sometimes  
Feeling like I just might lose my mind  
But I'm trying to survive through the lies and deceit  
These are a few of the things that I've seen

I've seen the real turn to fake, I've seen the love turn to hate  
I've seen best friends turn into enemies, I just can't relate  
Killin' off my ego day by day until that bitch dissipates  
I've been fallin' back, tryna put some points on the board Kobe fade away  
They wanna take my soul, wanna take my heart, eat me like a Frito-Lay  
As the lights get dimmer, I feel triggered, trackin' my train of thought  
Yeah, the air gets thinner higher you go ain't no room at the top  
I'ma do my thing, I'ma make a million whether you like it or not  
And it's been this way since I was knee-high, nose running with snot  
Never off my shit, I'm on my J-O-  
B, your bitch gon' K.O.D and crown a nigga king of them thighs  
I know these niggas plot, envy and lies in they eyes  
You see myself in your reflection, it's really you you despise  
Do me a favor, go and google Mob Ties  
You only see the fairest skin and lightest hue of eyes  
Zero correlation between you and I  
Hatred of ones self, that sentence putrified  
Purify these useless minds

Before I die, I'm gon' rise  
Never seen a tear fall down my eye  
But I can't lie, it's hard sometimes  
Feeling like I just might lose my mind  
But I'm trying to survive through the lies and deceit  
These are a few of the things that I've seen

I've seen the mighty fall far, off a high horse to the floor  
Lord, give me the strength to endure  
To always bounce back for more  
To never let my vision, foresight or my perspective become small  
Countin' all my blessings through this test of will and faith  
But the game is like a fuckin' episode of Will and Grace  
Tryna be calm, cool and collected but respected above all  
When you're down and out without a dime to your name, who you call?  
When the feeling hits your stomach like you're going through withdrawals of  
[?], lawd

I need you to hate me, so I can use you for your energy  
It's real shit man, feel this

Before I die, I'm gon' rise  
Never seen a tear fall down my eye  
But I can't lie, it's hard sometimes  
Feeling like I just might lose my mind  
But I'm trying to survive through the lies and deceit  
These are a few of the things that I've seen

It's real shit man  
It's real shit man  
I need you to hate me, so I can use you for your energy  
It's real shit man, feel this
