

HMU

K.A.A.N.

I got a lot to prove I ain't done
Hit after hit I ain't done
Ain't it whatchu want?
You gonna have to shake your ass low
You gonna have to shake your ass low
Steppin' on shit like a roach
First class nigga no coach
Tell em call my team for the code, bitch
I been goin' up
I might pull the stops out
All the cops are out
My next roll out, they make you pass out
Let em drop out
It's a knockout
Showtime, champagne poured up
Got me on a hot mic, turn me up
You better keep it high before a hot summer
Runnin' up the check with the real runners

You a crash dummy on a crash course, lookout
Going head first to the dashboard, took out
Almost halfway to a pitstop
On the first lap of this world tour, we out
I been tappin' in at the same time (turn me up)
I been tappin' in at the same time (turn me up)
I been tappin' in at the same time (turn me up)
I been tappin' in at the same time (turn me up)

Palm trees with the sunrise
Where we've been at?
Oh, where they at?
I'm running up a plan 'til it fall through
Gotta go mine in a hard drive
Feelin' nosebleeds to the courtside
Where we've been at?
Oh, where they at?
Smokin' on a blunt 'til the smoke clear
No fear, tryna get lost the skies
Headcoach with a game plan
Who am I? I'm the one that put em in the stands
Who am I? On life support for a lifeline
I always come alive in the night time
Pushin' right through the lime light
Where we've been at?
Oh, where they at?
I'm breakin' neck tryna take a look
Callin' touch down from the playbook

You a crash dummy on a crash course, lookout
Going head first to the dashboard, took out
Almost halfway to a pitstop
On the first lap of this world tour, we out
I been tappin' in at the same time (turn me up)
I been tappin' in at the same time (turn me up)
I been tappin' in at the same time (turn me up)
I been tappin' in at the same time (turn me up)

You a crash dummy on a crash course, lookout
Going head first to the dashboard, took out
Almost halfway to a pitstop
On the first lap of this world tour, we out
I been tappin' in at the same time (turn me up)
I been tappin' in at the same time (turn me up)
I been tappin' in at the same time (turn me up)
