

How It Goes

K.A.A.N.

"The number you have called is no longer in service..."

Aye will we ever stop nigga?

When?

When?

Yeah

When

Yeah

Yes

Told 'em we

Told 'em we

Told 'em we cookin again

Put down the phone and I pick up a pen

I'm too original can't do the trends

See what I see through my beautiful lense

I'm tappin' in I found my second wind

Play my position the post I defend

Feelin' like I'm finna live forever

Only gettin' better

I survived the storms and all the fucked up weather

It's a fact

I can recall way way back then tryna maintain with the scraps

Workin' them long days where the sun rays used to fade off into black

It was a curse

I made it work

All of this shit I rehearsed

I want it more than I could've articulated man it literally hurt

I was just motivated by the life that I wanted to live dawg

And if you wanna go get it my nigga just break in the back door

Stick to your vision don't hesitate

Paint you a picture to find the way

You gotta maintain 'til you blow up

Yeah that's just how it go when your down and they don't believe

That's just how it go when your lost tryna set your feet

It's how it goes

That's just how it goes

That's just how it goes

That's just how it goes

That's just how it is when it work

Is when it work

Build 'til it burst

Build 'til it burst

That's just the way that it goes

That's just the way that it goes

That's just the way that it gooes

That's just the way that it gooooooes

Y'all fell in love with the money (money)

Sellin' your soul for a knick-knack

No we don't throw in the towel (towel)

We spin around for the getback

I said it's evident

Stayin' persistent yeah that's the prerequisite

I operate even within a deficit

Talk to the Gods I know where the blessin' is

Run with the Exodus show 'em the exit

Cause they never got what the message is
Meanin' they killin' the messengers
I'm not insane I'm a pessimist
Gather my thoughts I'm collectin' 'em
Changin' my ways I'm correctin' 'em
Killin' my ego dissectin' them
I couldn't run with the rest of 'em
Stand on my own toe to toe with the best of 'em

I was just motivated by the life that I wanted to live dawg
And if you wanna go get it my nigga just break in the back door
Stick to your vision don't hesitate
Paint you a picture to find the way
You gotta maintain 'til you blow up
Yeah that's just how it go when your down and they don't believe
That's just how it go when your lost tryna set your feet
It's how it goes
That's just how it goes
That's just how it goes
That's just how it goes
That's just how it is when it work
Is when it work
Build 'til it burst
Build 'til it burst
That's just the way that it goes
That's just the way that it goes
That's just the way that it gooes
That's just the way that it gooooooes
